  over then pull a loop into both loops on your hook, next insert the hook in the front left
  spike of the stitch below, yarn over then pull a loop into the spike, lastly yarn over then

NOTES

- The alternative turning chain (dc) at the beginning of each row is considered as one
  double crochet stitch.
- Make sure to leave at least 6" of yarn for securing/weaving the end.
- My finished shawl measures approximately 65" wide (wing span) and 27" long (spine)
- Any variations to hook size and yarn weight will also result in a different-sized shawl.
